IAP Course

Process, Analyze and Visualize Data

http://tinyurl.com/dataiap

How does Facebook make money from the Facebook Graph?
How does OKCupid make those awesome graphs?
How does NYTimes make their sweet visualizations?

Data science! Big data! Statistics! Infographics! Buzzword!

You Will:

- Take raw data (e.g., friend graph, tweets, click logs)
- Extract meaningful information
- Use statistics and database tools
- Make visualizations

Jan 9-12, 17-18. 11am – 2pm. Room 32-144.
dataiap@csail.mit.edu
Pizza will be served.
